SCS INTERNATIONAL ELEMENTARY PROGRAM

All over Canada the Maritime Region (far East Coast) is known for its wonderful hospitality. Your family is invited to participate. The International Elementary Program offered at Sussex Christian School includes rigorous academic study with guaranteed English improvement for every International student! International students will make wonderful friendships with welcoming Canadian students. At Sussex Christian School they will receive nurture and care from highly professional master teachers. Our elementary programming focuses on the whole person - body, mind, and spirit: art, physical education, field trips, music, chapel, theater arts, and sports teams are all a part of the elementary experience here at SCS.

“Maritime Hospitality” Program

For elementary students, this great program includes daily hot lunches, a choice of three exciting co-curricular activities: skiing, snowboarding, skating lessons, swimming lessons, arts and crafts, horseback riding lessons, Girl Guides/Boy Scouts, and more.

SCS takes great care of our international mothers as well. This fee also includes one major outing a month for moms and children such as cultural excursions, shopping, museums, and provincial park tours. As well, this program provides mothers with one outing per week such as cooking classes, lunch outings, arts and crafts, ESL, local church events and other areas of personal interest.

As a complimentary service, SCS will also assist all families with the tasks of finding housing for families, working out details with respect to insurance, transportation, banking, furnishings, connecting to community programs during the first month and any other areas of settlement help.

SCS INTERNATIONAL ELEMENTARY PROGRAM

Tuition

- \$12,500 (First Child)
- \$11,250 (Second Child)
- \$10,000 (Third Child)

"Maritime Hospitality" Program

- \$2750 (per student)

Parent Testimony

"Sussex Christian School classes are very small, so teachers can teach each student with great care and special attention. The teachers are very kind and care for their students very much. Teachers are very patient and work hard to make sure that their students understand topics completely and are comfortable with their tasks. The students are all

very nice and accept students from different countries - we have felt welcome in Sussex from the first day we arrived. The school has an excellent reputation in New Brunswick. I am so happy that our family chose SCS for our international elementary school experience."
