

**SAFE, SUPERVISED DORMITORIES PROVIDE A GREAT RESIDENTIAL OPTION FOR SCS INTERNATIONAL STUDENTS!**

As an alternative to our excellent Homestay Program, students in the Sussex Christian School (SCS) residential program will be housed in dormitories located on the campus of our sister-school, Kingswood University (KU). KU's campus is located across the street from the SCS campus, only a 10-minute walk. SCS's international students who choose to live in these spacious and safe dormitories have access to the Internet, library facilities, workout facilities, an indoor pool, a full-service cafeteria, and a student recreation center. Many cafes, restaurants, and shopping are all within walking distance of both campuses as well.

The SCS Residential Program also includes special weekend activities throughout the school year such as shopping trips, movie nights, skating, skiing, and many local Canadian cultural events. Students living in the dormitories will develop skills such as organization, time management, responsibility, and they will gain insight into what university living will be like as they make that transition in the coming months/years. Friendships will be formed with with SCS students and also with KU students as they interact on campus.

**Dormitory Staff will support student safety and well-being and facilitate a dynamic campus life.**
